Lock Down Credential	No	No	No

NOTE: Shaded boxes indicate features that are only available in the upgraded versions of software: SMS Express v4.0 and SMS v5.3.5 or higher. Previous versions (SMS Express 3.5.7 and older) support 1000 Users/Audits and 100 locks, and do not include AD-Series and CO-Series software labels.

\* Larger systems should consider SMS Select for better database manageability.
